RE:Docket No: L-000008-15-0059-00170 (Price Road Corridor 230 KV line) Case No. 170

Good morning Ladies and Gentlemen:

My residence is in that area of Sun Lakes most directly and negatively impacted by the above referenced power lines. I have attempted to attend every meeting in the past two or three years, as well as written several letters to SRP documenting my findings and suggestions.

I have personally had conversations with SRP personnel concerning the negative impact on my home. My property value will/has been reduced substantially and confirmed by various real estate experts.

There are only seventeen (17) homes along the west side of Illinois Avenue that bear the same impact as I do. Our repeated arguments to bury the lines for that short distance, from the north wall of Illinois Avenue to the Teakwood Road area, (where it no longer affects homes), is met with heavy resistance and stonewalling.

ARIZONA CORPORATION COMMISSION

UTILITY COMPLAINT FORM

I am requesting that I and each of the other 16 homes on the west side of Illinois Avenue receive compensation equal to the amount our homes are/will be devalued by the new power lines if they are not buried.

Respectfully submitted,

H. Jack Cook
End of Complaint
